Tuesday 6 May

For each topic, one presentation per research institution is foreseen. At the end of day, the number of working groups and the issues each one should address will be discussed and agreed upon according to what will have been presented during the day and according to the number of participants.

09:00	Planning of activities at sea and fishing gears
10:00	Discussion
10:30	Coffee break
10:45	Processing of the catches - biological sampling
11:45	Biological information on target species
12:45	Discussion
13:15	Lunch break
15:00	Discussion
15:30	Proposals for further data sampling and measurements
16:30	Coffee break
16:45	Discussion
17:15	Data management and processing
18:15	Discussion
18:45	Organization of the working groups
19:00	Adjournment

Wednesday 7 May

This day will be dedicated to the work on each issue. Participants will split in working groups, in order to produce a protocol for each topic.

9:00	Separate meetings by working group
10:45	Coffee break
11:00	Working groups (following)

13:00	Lunch break
14:30	Working groups (following)
16:15	Coffee break
16:30	Working groups (following)
18:00	Delivery of each Working Group's report to the Project secretariat who will prepare the draft of the protocol to be discussed the next day

Thursday 8 May

The different reports will have been merged by the Project Secretariat, as a unique protocol that will be discussed and modified in plenary session by all participants.

09:00	Presentation and discussion of the protocol on the Planning of activities at sea and fishing gears
10:30	Coffee break
10:45	Presentation and discussion of the protocol on Processing of the catches - biological sampling
12:00	Presentation and discussion of the protocol on the Biological information on target species
13:00	Lunch break
15:00	Presentation and discussion of the protocol on the Proposals for further data sampling and measurements
16:30	Coffee break
16:45	Presentation and discussion of the protocol on the Data management and processing
18:00	General discussion
18:30	Adjournment

Friday 9 May

09:00	Adoption of a common procedural document
10:30	Coffee break
10:45	Adoption of a common procedural document (following)
12:00	Final remarks
